day. In that case, if nobody wants to comment, I'll simply withdraw it, but it will reappear on LB 1065 and I hope you'll give it serious consideration. Thank you.

SENATOR CUDABACK PRESIDING

SENATOR CUDABACK: Thank you, Senator Beutler. You've heard the opening on the motion to return. Open for discussion. Senator Wehrbein.

SENATOR WEHRBEIN: Mr. President, members, Senator Beutler, did I hear, were you going to pull this or you want to just...I just will say briefly I understand what Senator Beutler is, and I had the same numbers and I was aware of them yesterday, that this is a possibility. But since we do have to come back and visit the other two, three, four, five plants, whatever we have, I am committed to, and I know others are, to find sources of funding between now and next year and we'll know more exactly where we will be. We are all right till 2010 on the four plants. Admittedly, if we get some others coming on fairly soon we will have to work, but I think we'll have to find a more comprehensive plan anyway. And I just want to make those comments. Thank you.

SENATOR CUDABACK: Thank you, Senator Wehrbein. Senator Baker, did you wish to...he waives the opportunity to close. Senator Beutler, there are no further lights on. You're recognized to close.

SENATOR BEUTLER: Senator Cudaback, members of the Legislature, thank you for the moments in time and I'll withdraw it at this point and recommend it to you again on LB 1065. Thank you.

SENATOR CUDABACK: It is withdrawn. We now go to General File, LB 916. Mr. Clerk.
